

NEW NAME...NEW PLACE...SAME MISSION - "BUILDING BRANDED VALUE"

We are now a registrant with the Securities and Exchange Commission. Our bonds will now be publicly traded in the open market. In anticipation of this event, we began a process back in the fall of 2005 to create a corporate brand with our bondholders, investments banks, credit rating agencies and the investor community at large. Today, we take the next step in creating that brand in the investment community. This step takes the form of a new name for our company. ***Today, Compression Polymers Holdings, Inc. becomes CPG International, Inc.*** Our new name recognizes the evolution of our business and the markets we serve. Our business is evolving to a brand-driven manufacturer of high value-added building products. Our new name recognizes these changes, while still staying connected to our corporate history and identity.

At the same time, we are creating ***Scranton Products, Inc.*** (Scranton Products). Scranton Products is a wholly-owned subsidiary of CPG International, Inc. (CPGI) and will be the new company that we integrate, Santana Products, Inc. (Santana), Comtec Industries, Capitol Partitions, Inc. and Compression Polymers Corporation to create the new business unit. This new business will be the platform under which we integrate four companies into one new, fully-integrated, company with a focus on the community that spawned these businesses. Scranton Products will house CPGI's bathroom and locker room products branded under *Comtec*TM, *Capital Partitions*TM and *Santana*TM as well as the *Seaboard*TM, *Flametec*TM and other brands in its industrial product lines. We will be locating all Scranton Products' operations at our 801 Corey Street location by year end.

Vycom Corp. (Vycom), a wholly-owned subsidiary of CPGI will remain the business that delivers CPGI's family of residential building products branded under *AZEK*[®] Trimboards, as well as *Celtec*[®] and other branded industrial products. Vycom and CPGI support functions will be relocating to 52 Glenmaura Plaza in Moosic. This transition is expected to occur in October 2006.

About CPG International

Headquartered in Scranton, Pennsylvania, CPG International is a manufacturer of market-leading brands of highly engineered building products for residential and commercial markets designed to replace wood, metal and other traditional materials in a variety of construction applications. The Company's products are marketed under several brands including AZEK[®] Trimboards, Santana Products, Comtec Industries, Capitol, EverTuffTM, TuffTecTM, Hiny Hider[®] and Celtec[®], as well as many other branded building products.
